IPGC Frequently Asked Questions:
If Your Older Adult Partner Has Received an iPhone Through IPGC

- **What are the details of the phone plan?**
  It is a T-Mobile phone plan, and it has unlimited talk, text and data.

- **How long is the phone plan for?**
  From now until the end of February 2021. After that, your partner can set up their phone with another phone plan of their choosing.

- **Can older adults use their iPhone for personal use or for just the IPGC program?**
  For personal use and IPGC! We encourage them to use the phone with their family, friends, caregivers and health care providers in addition to their IPGC student partner.

- **Can older adults keep their iPhone after IPGC is over?**
  Yes, it is theirs to keep! Again, they must connect it with a new phone plan after February 2021.

- **Is there international calling on the phone?**
  Only international calling to Mexico and Canada is covered by the phone plan.

If you have a question regarding the iPhone or plan that has not been answered here, please contact Yeini (Yeini.guardia@med.usc.edu).
